

Woohoot! For those of you who missed it, we had a wonderful presentation about the Green Amendment and a unanimous vote in support of it at the Grant County Democratic Party meeting tonight. Thank you, Glenn Griffin for all your hard work in making this happen. These are minutes from the last meeting about the Amendment, which you may find interesting. Our party support of the Green Amendment is great, but only the beginning in efforts to get it passed in this legislative session. Please be aware the only ask for the legislature is to pass the initiative through so the people of New Mexico can vote on adopting the Amendment to the State Constitution. There are links to further information about the Amendment as well as links to sign on in support for individuals and groups. There is a letter to the editor attached that was written and submitted by Glenn Griffin. This is another way of support as well as writing to your State Senators and Representatives, participating in the up-coming legislative session which can be in person or via zoom.

Thanks for all you do,

Jessica Brooks
